Dedication

To the members of our Coaching Staff who have labored so diligently and have been so successful, we, the members of the 1956 Graduating Class, sincerely and lovingly dedicate this edition of the Huntingtonian.

During the years of 1955 they directed our Vikings to an unprecedented record in sports—the annexation of four state championships—basketball, baseball, football, and track and thus far in 1956, the acquisition of two state titles—basketball and football.

Not only have they brought honor and glory in the field of sports to our school, but they have helped by both precept and example to instil in us those qualities of wholesome living and good sportsmanship which are so essential for success in the school, community, and nation. For their brilliant leadership and their strict adherence to fair play and justice, we are grateful.

Principal's Message

My young friends, I am indeed happy for the honor of extending you greetings on your graduation day. Making the adjustments demanded by secondary school graduation is an accomplishment in which you might justly take considerable pride. I am proud of any small role I may have played in bringing these exercises to pass.

You are neither embarking upon life for the first time nor are you beginning or ending education. This is but another stage in your development—a period of greater freedom and responsibility. You stand today heirs of the past and our hope for the future. The accumulated wisdom of the ages is yours. Whatever errors have attended man's efforts in the past are yours to correct, and whatever the formula for peace is yours to fashion.

Your world is characterized by strife, fear and uncertainty. Conflicting ideologies mediating between the peoples of the world and man's apparent ability to resolve them continue to be a very costly affair. Young men are presently giving their lives in the defense of principles they cannot adequately define. You can appreciate these conditions when you remember that some of your schoolmates have died on the battle fields of Korea.

The dynamics of our social order predispose the ever-present prophet of doom to lament the chaotic conditions of our times . . . yet there can always be found some resolute men of faith, character, and industry and it is through such as these that the path of progress is kept forever pointed upward.

The brief span of your life has been subjected to the impact of wars. This fact undoubtedly has influenced your outlook on life. When your elders speak of "peace times" they employ a language you do not understand. It is your task to understand the meaning of world peace and work for its realization. A way of life designed to promote the greatest happiness to all the peoples of the world must be a constant concern of yours.

You are an integral part of the social order and as such it is your obligation to foster the general good. Cast your lot in the vanguard of those ever vigilant to safeguard the principles of democracy. The future is yours! The outlook is bright! Let not the presence of problems dampen your enthusiasm. The material and spiritual coffers of the world are open to those who will pay the price for them. Set up for yourselves some worthy goal and strive unceasingly for its realization. Reflect in your behavior what you know and accept the principles of moral conduct. These will enable you to rise above obstacles that doom the weak to despair. Those who have shared the responsibility of directing your development here have tried to instruct you, by precept and example, in the democratic way of life. You have been taught the meaning of freedom; the values derived from according others their just deserts have been explained to you; you have shared in formulating regulations to which you have been expected to conform. It is our hope that you will be guided by these ideals in your future relationships with all men.

Finally, it is our desire that you keep your connections strong with your high school. Those of us whom you leave here to help others will always be interested to follow your progress and lend whatever assistance we can in the furtherance of any worthwhile objective you may seek.

Eighth Grade

417 of them in all help to fill the classrooms and corridors of "Dear old Huntington High."

Most of their time has been spent in curricular activities and becoming orientated. However, they have acquired that indomitable Huntington High School spirit, an abundance of pride, and an unquenchable desire to see their school victorious in all phases of school life. They have become a potent group in Huntington.

Juniors

The Juniors attacked their work with enthusiasm and conscientiouness. They realized that soon they too would be preparing to march to the tune of "Pomp and Circumstance." They engaged in all school activities and were elected to many offices of leadership. Theirs was a year of hard work mixed with fun.

Highlighting their year was the wonderful night when they entertained the seniors and that exciting game at which Marva Christian was crowned Miss Homecoming.

MISS MARVA CHRISTIAN

Activities

STUDENT COUNCIL

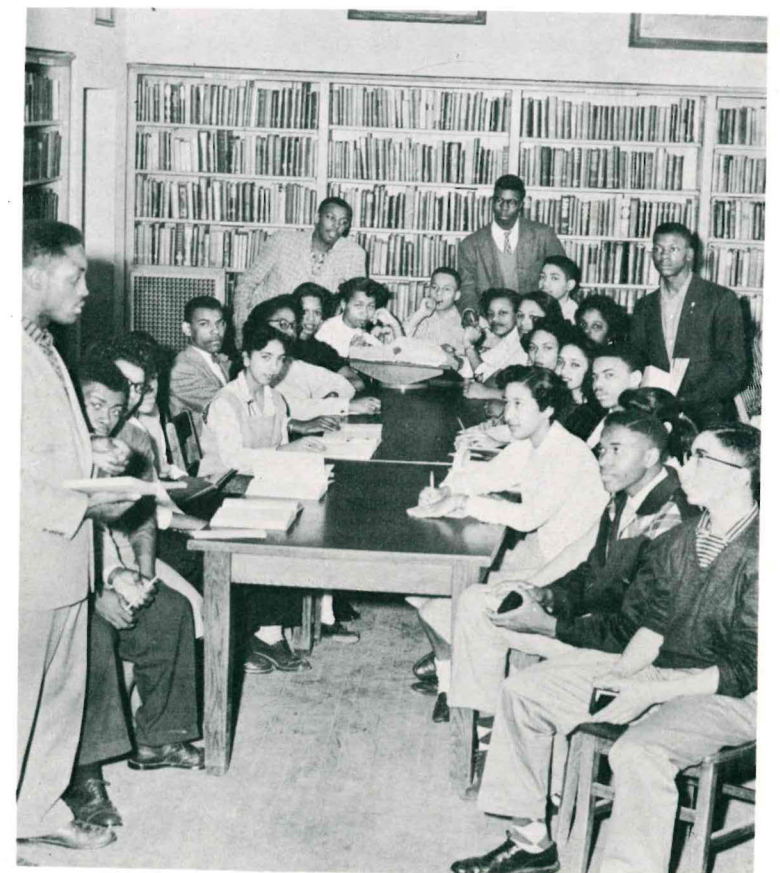
An effort to train for good citizenship in the school, community, nation, and the world, and to bring the students and faculty into a closer cooperation, has been made this year by the Student Cuncil under the leadership of their president, Raleigh Davenport. The activities have been centered around the school problem, "Living With Others." A campaign was launched to help build and foster those attitudes and ideals so necessary in living together peacefully.

Assembly programs, devotionals over the P.A. system and homeroom periods have been some of its major projects.

THE STUDENT PATROL

The Student Patrol is composed of representatives from each homeroom in the school. Its purpose is to direct the traffic in the halls during the passing of classes and during the lunch periods.

Executive Committee of Student Council

Effective planning is essential to successful operation of the Student Council since the scope of council work concerns every student in the school. The persons who compose the S. C. Executive Council have had several years of work on the Council and help to plan with the president and sponsor a program designed to improve school life.


PRESIDENTS' CLUB

This Club is composed of the Presidents of each student organization and has for its purpose the co-ordinating of school activities.

The Club this year has been very successful; it assisted the Student Council in its Student Improvement Campaign. One of the best features of the campaign was the student workshops held with each individual 8th grade class. Members of the P. C. served as leaders of these workshops.

PYTHAGOREAN CLUB

Alphonso Nichols directs the activities of this group. They gave an enjoyable Mardi-Gras Ball and a May Ball in the gymnasium, celebrated Math Week with an interesting assembly program, a display in the Library and skits over the P. A. system and have purchased some equipment for a Math Laboratory and Clinic.

Miss Watkins serves as Club sponsor.

THE NEW HOMEMAKERS OF AMERICA CLUB

The New Homemakers of America have four specific purposes. They are: to promote individual growth by developing physical, social, and moral qualities; to promote better home living; to provide wholesome recreational activities; and to act as a unit of service to the school, community, state and nation.

SOCIAL STUDIES CLUB

The Social Studies Club tries to create an interest in debating and in current affairs and to assist the social studies department in sponsoring assembly programs, to make trips to interesting historical points and to teach the pupils how to become well adjusted law-abiding citizens.

NURSES' CLUB

A new group at Huntington this year is the Future Nurses' Club. They are studying the requirements for nursing and opportunities in the field. They are also studying the mathematics required in the field of pharmacology.

Joan Orie is the president and Virginia Hardy, the secretary.

OFFICERS OF
THE
FUTURE NURSES

MEDICAL ARTS CLUB

Another organization new to our school is the Medical Arts Club whose purpose is to help the members become acquainted with the requirements and opportunities in medicine, dentistry, pharmacy and laboratory technology.

Both the Future Nurses' Club and this club heard an address by Dr. E. S. Lee, and attended Open House at Medical College, April 1st, 1956.

THE FUTURE BUSINESS LEADERS OF AMERICA

The Future Business Leaders of America Club headed by Clinso Copeland holds both state and national affiliations. This year the group hold impressive installation services in the assembly and published several interesting editions of the *Business Bulletin.*

THE DIVERSIFIED OCCUPATIONS PROGRAM

The Program of Diversified Occupation is a form of part-time education, which involves a cooperative arrangement between the business and industrial enterprises of the community and the high school. These businesses and industries furnish part-time employment and training to students during school hours. Through this employment the student learns the manipulative part of the job under actual working conditions. The school facilities are used to furnish the technical subject material related to the job being learned.

NATIONAL HONOR SOCIETY

The National Honor Society has for its aim that of encouraging higher scholastic achievement. Pupils are elected to the organization on the basis of good character, leadership ability, scholastic attainment, and service rendered.

SCIENCE CLUB

In an effort to increase their knowledge of science and to stimulate greater interest in science, the members of the Science Club have made several interesting trips and have performed many experiments. At their meetings, they discuss outstanding scientists and their contributions. They journeyed to Lee Hall to the Reservoir.

JUNIOR RED CROSS

The Junior Red Cross Council assumes responsibility for soliciting Red Cross membership, issuing membership cards and helping needy families and persons. As a result of their efforts this year, every student at Huntington enrolled in the Junior Red Cross.

INDUSTRIAL CLUB

The Industrial Club strives to develop in its members an interest in industry and to acquaint them with the language of industry and the different phases of the industrial movement. It sponsors annually a vocational guidance program. Huntington's Club is a member of the State Industrial Club.

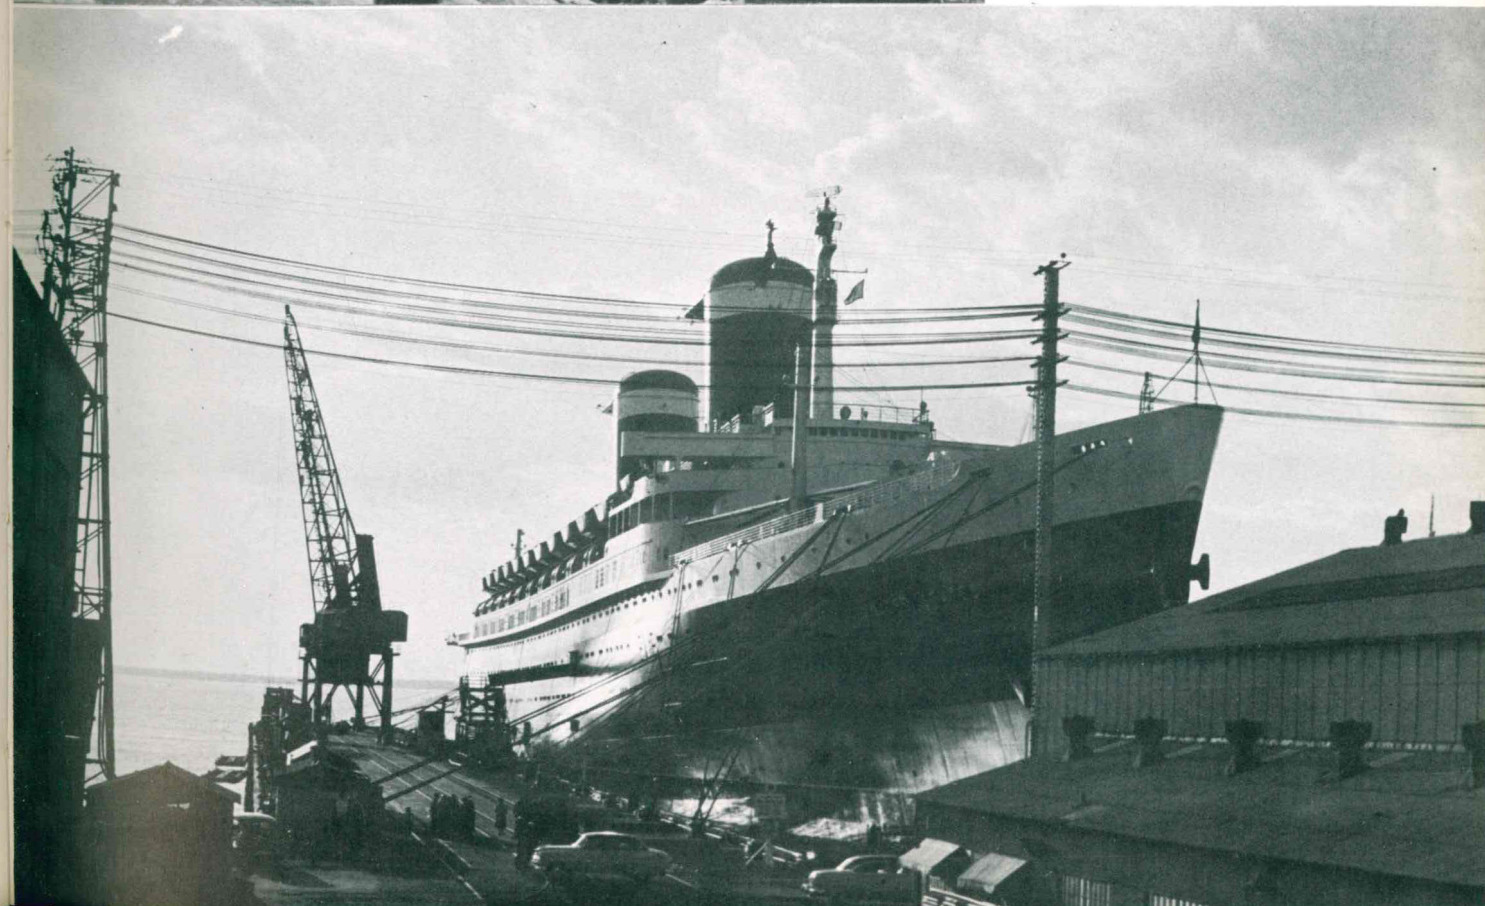
Hobby Club

Cultivating interest in leisure time activities is the aim of the Hobby Club.

The members engage in photography, ceramics, leather craft and other worthwhile activities. Several of the persons in the group entered pictures in National competition. The two that appear on the opposite page were taken by Claude Richardson, the *S. S. United States* and Theodore Freeman, the *Fishing Boats*.


Future Teachers of America

One of the largest and most active organizations in our school is the F. T. A. This group has had a very busy year. At Christmas time, the members took gifts to the patients at Patrick Henry Hospital, and they observed Charter Day with an assembly program at which Dr. Nichols of Hampton Institute was the speaker. The members gave an Easter Party for the Cadet Teachers from Virginia State College. About 30 of the club members participated in the Practice Teachers Day Program. They taught on April 12, classes in the high and elementary schools.

Joseph Winfield serves as Club president and Miss L. M. Weaver, sponsor.

DRUM MAJOR AND MAJORETTES

SECOND BAND

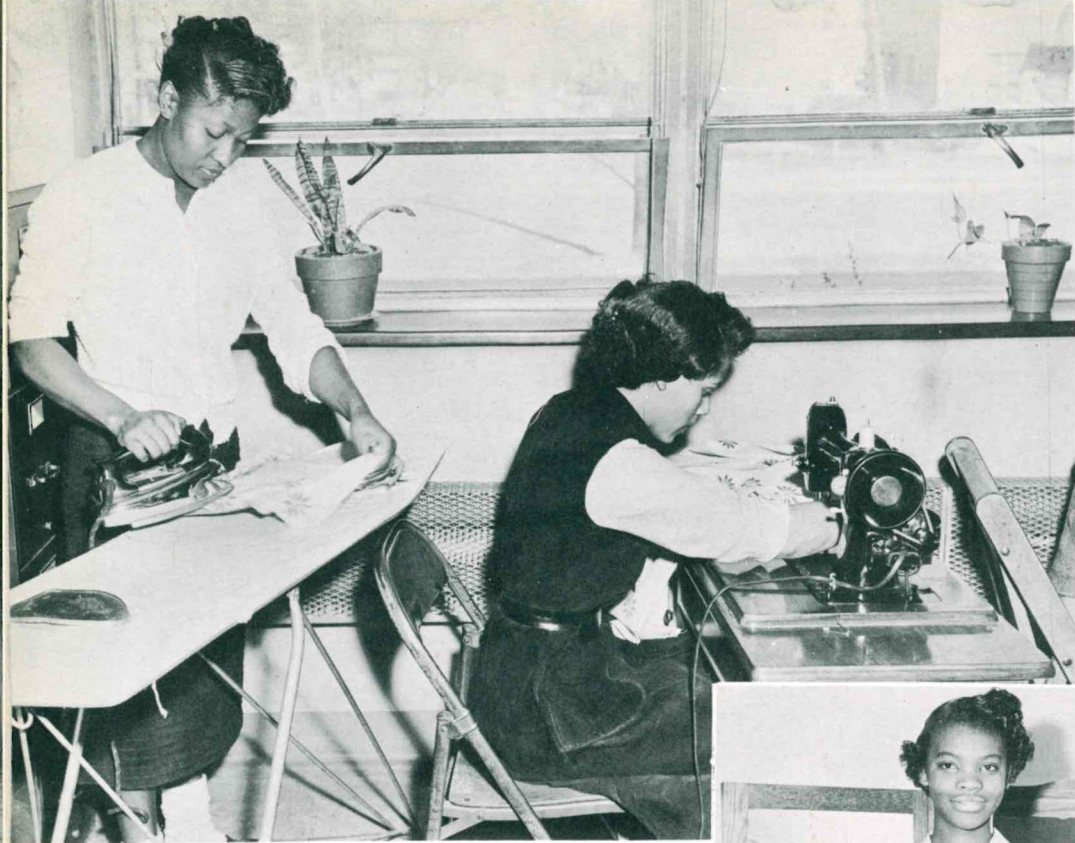
HUNTINGTON HIGH SCHOOL BAND

The Huntington High School Band, directed by Mr. Wray Herring, is another of the organizations of which we are justly proud. The Band adds color and enjoyment to each of our football games. They participate in many community activities. This year, it along with the Choir performed superbly before a packed auditorium at the Spring Concert. They, too, received a Superior Rating at the Music Festival and had several members chosen for the State Band. We are especially pleased and honored by the invitation to participate in the Apple Blossom Festival at Winchester, Virginia.

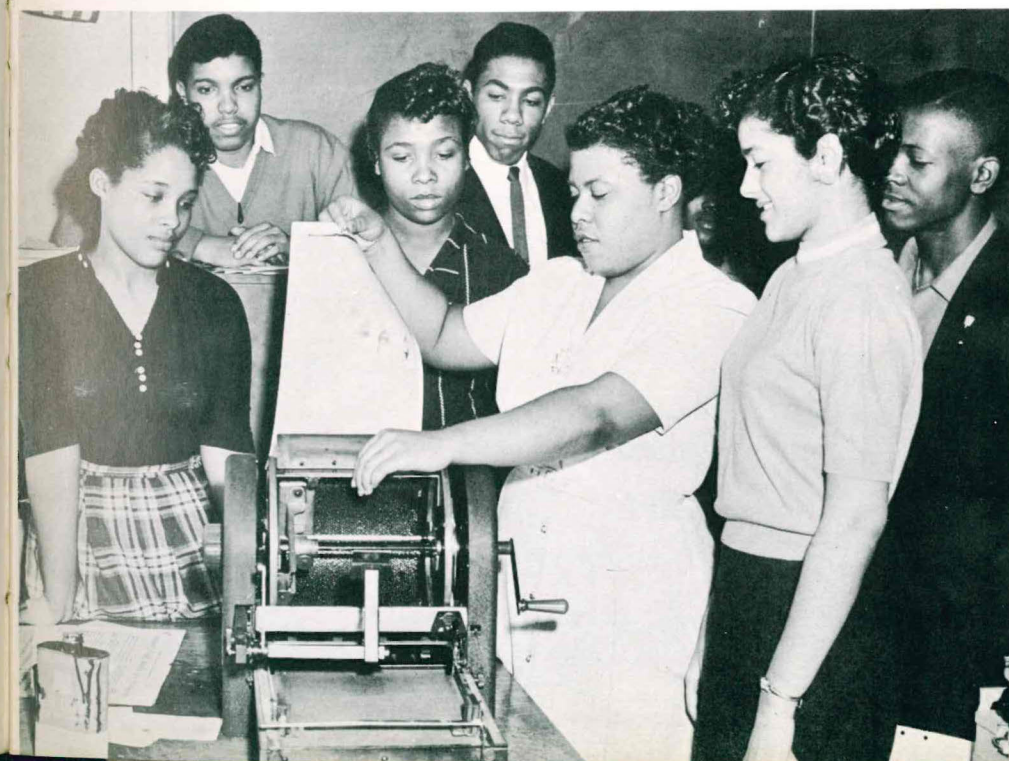
SCHOOL ORCHESTRA

BAND OFFICERS

CHOIR

The choir, ably directed by Mr. A. Bouldin, has brought home its share of honors. At Christmas the orchestra appeared on Television, gave its annual Christmas and Spring Concerts, rendered a concert in Richmond, Virginia. As a result of its superior plus rating received at the Music Festival, several of its members were chosen to be in the All State Choir.


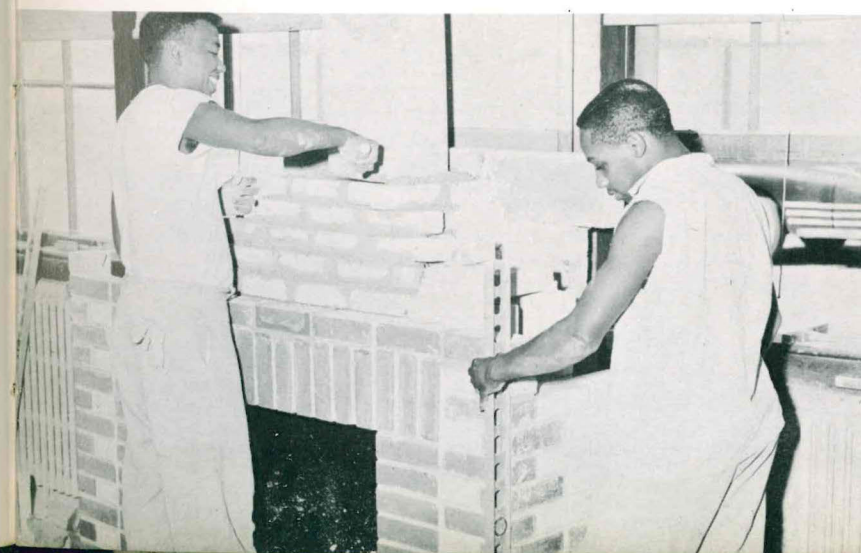
Tomorrow's Homemakers

Practice is essential in typing classes.


Students learn to operate the mimeograph machine.

Peeping under the hood fascinates this group.

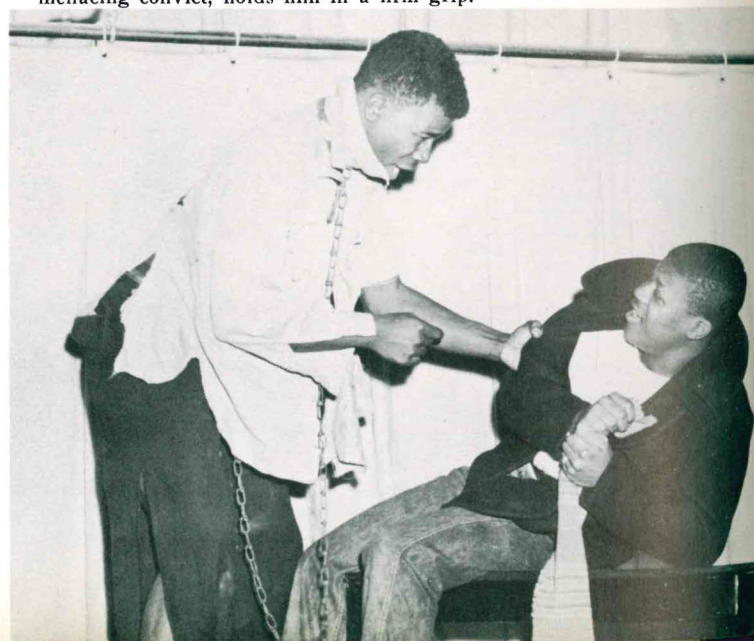
Eighth graders learn to make many useful articles.

Herbert Perry and his classmates enjoy the course in Ceramics.


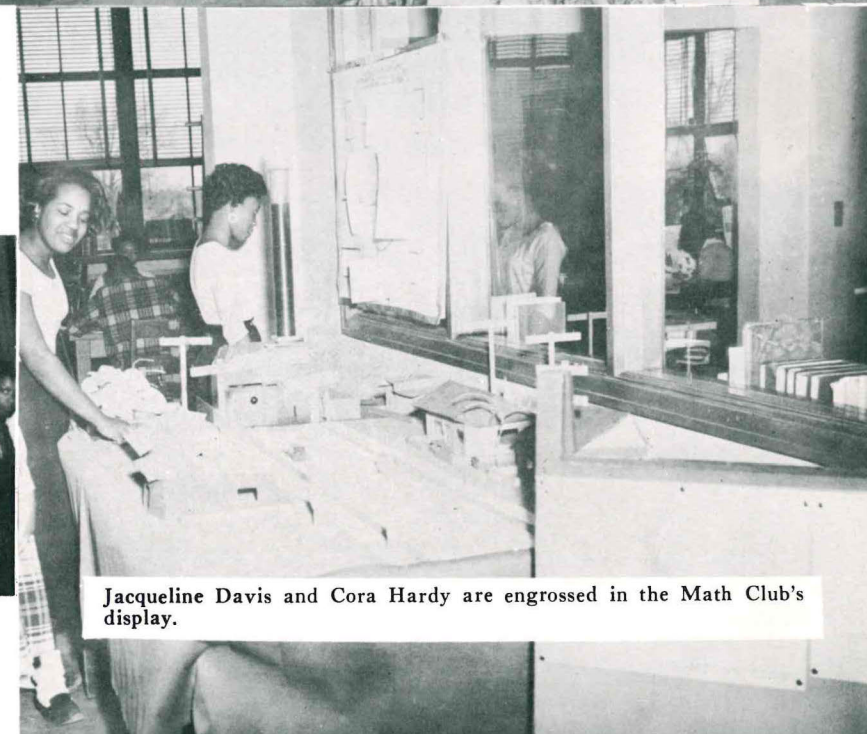
Many of the students become so interested in masonry in school that they select it as their vocation.

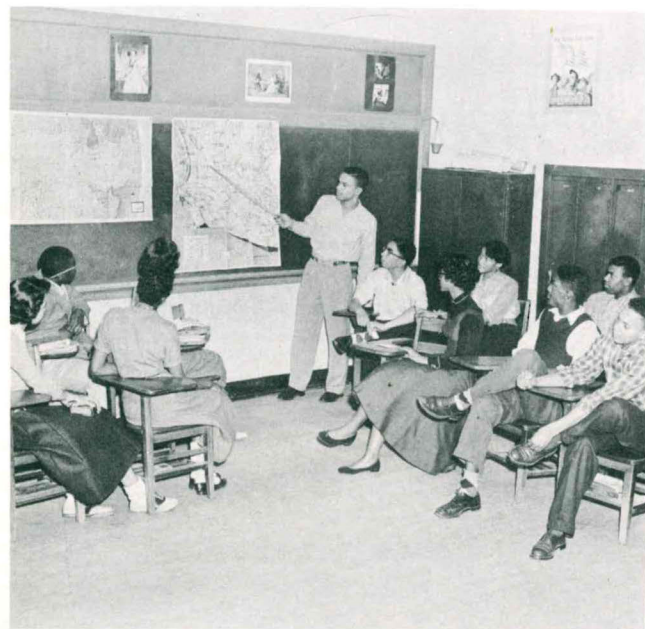
Faye Gaynes, witty maid in "Great Expectations," wisecracks to Clarence Johnson and Edgar Harris.

The dignified lawyer, Lowell Thomas, advises Ivona Faltz.

Edgar Harris, Pip, grimaces in fear as Richard Jackson, a menacing convict, holds him in a firm grip.


Angels and shepherds gather around Mary in the annual Junior Class Christmas Play.

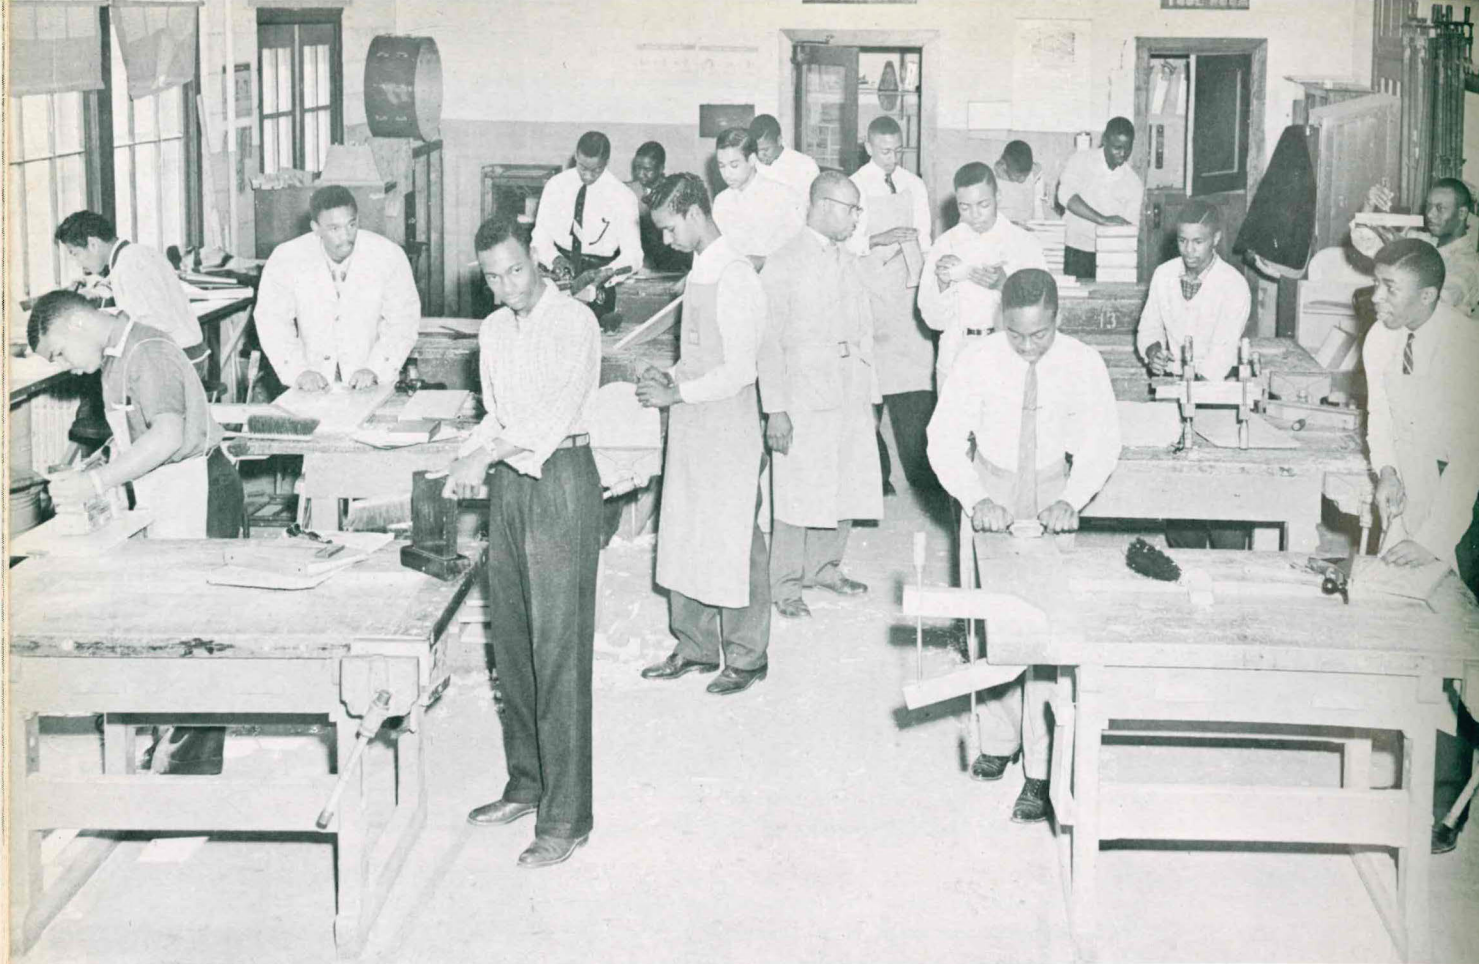
Dr. C. Waldo Scott, school board member, pauses for a chat after speech at Student Council Assembly.


Jacqueline Davis and Cora Hardy are engrossed in the Math Club's display.


Preston Mangana points out the location of national resources in the southwestern part of the United States.

Clarence Johnson prepares to play a French record. Listening to records is an important part of French instruction.

Huntington High Cafeteria

The well balanced and delicious meals served in the cafeteria aid in keeping our staff, team members and student body physically fit.


In the Carpentry Class, students fashion lamps, bookcases, tables, desks and many other items of furniture.

Physical Education provides a welcome change.

Cheerleaders

Football

The 1955 Vikings of Huntington High under Head Coach Thaddeus Madden, Assistant Coaches Battle, Kane, and Crittendon completed their season with a 9-1 record and placed first in state competition.

Their only lost was a 13-10 decision to Burley High, of Charlottesville, Virginia.

In capturing the State Group 1 Championship, the Vikings exhibited some of the finest football to be seen anywhere in Virginia high school circles.

Basketball at Huntington is considered as one of the two major sports, and from the spectators point of view rivals football in popularity.

Huntington played a regular "56" season of 20 games, including 6 non-conference games—Maggie Walker, Bruton Heights, Langston, and Halifax. In the Eastern District competition Huntington completed the season with a record of 10-4, thus finishing second behind three-times-defeated Booker T. Washington of Norfolk.

During the Eastern District Tournament, the Huntington High Vikings bounced into the lead by defeating East Sulfolk and Carver. After eliminating Booker T. Washington, the Vikings captured the Eastern District Championship and a seat in the State Tournament.

The Huntington Vikings finished the 1956 Basketball Year in a blaze of glory as their deadly shooting trapped Addison in the State Tournament. Among the Vikings who added the State laurels to the trophy case at Huntington are two Seniors—Caesar Williams and Clarence Townes.

Lonnie Humphrey, who was chosen as most valuable player of the tourney, along with Earl Faison and Joseph Buggs received All-State Honors.

The Vikings participated in the National Tournament at Tennessee State College in Nashville but were defeated early in the beginning by Port Arthur, Texas.

HUNTINGTON WINS V. I. A. GROUP 1 CROWN

The Vikings of Huntington High School, after winning the Eastern District Group 1 Basketball Championship, participated in the Group 1 State Baseball Play off Saturday, May 28, in Petersburg, Virginia.

The first game was played between Peabody High, Petersburg, and West End High, Clarksville. The West Enders won the contest 6-4. The Huntington Vikings took on the West Enders in the timely hitting of Gylinza Reid, Joseph Buggs, pinch hitter Willie Dolby, and the fine base running of Edward Jones.

The highlights of the game were the fine relief job performed by William Hobson who came in for starter Joseph Buggs with one out in the top of the third; the great hitting by Gylinza Reid who poled a single, triple and a homerun. Reid drove in four runs. Little Edward who has developed into a fine fielding first baseman scored two runs while stealing an equal number of bases.

For the loosers, Joe Finley had a double and Kursey a triple.

Senior Class Poll 1955-56

Time passed all too quickly and now had come the last and most exciting year of their life. The realization that they had reached their destination was made vivid by class meetings, the ordering of rings and invitations, the taking of pictures for the yearbook, and a myriad of activities which accompany graduation. Now with diplomas near at hand they are ready to start on that long journey of Life. The same true spirit and the same high ideals so characteristic of their every action in their activities, while at Huntington will undoubtedly inspire them to lead a life of earnest endeavor in meeting the great problems of life.

Class Poem

For parting hour coming near,
For love we'll never forget,
For all the joy that through the year
Is lingering with us yet,
For every lesson and each test,
For days of preparation,
We thank our God, Whose love will bless
Our day of Graduation.
Others fell along the way
Perhaps their courage died
But we who labored day by day
Approached the other side.
Though some have had to suffer
And some have been delayed
Our burdens would be tougher
Had we not bowed down and prayed.
Whenever the toils dismayed us
Our teachers, with a smile,
Would urgingly persuade us
To go the other mile;
So those who once were tired
Must thank our faculty,
Who with their love inspired
Our march to victory.
For all that they have taught us,
For all that made us proud,
For all the joy they brought us,
For hope that they endowed,
For teachings that implore us
To seek the harder chore,
For knowledge laid before us,
We leave our thanks and more.
For when the voice of duty calls
The willing and the strong,
When the task of liberty falls
Upon the nation's throng,
When needs for action multiply
The ones the nation picks
To see that freedom will not die
Will be the class of fifty-six.
The class whose noble hearts have been
Unfailing in the fight
The class whose hopeful eyes have seen
Achievement by its might,
The class whose glory will not wane
Whose courage will not die,
The class that will uphold the name
Of Victorious Huntington High.

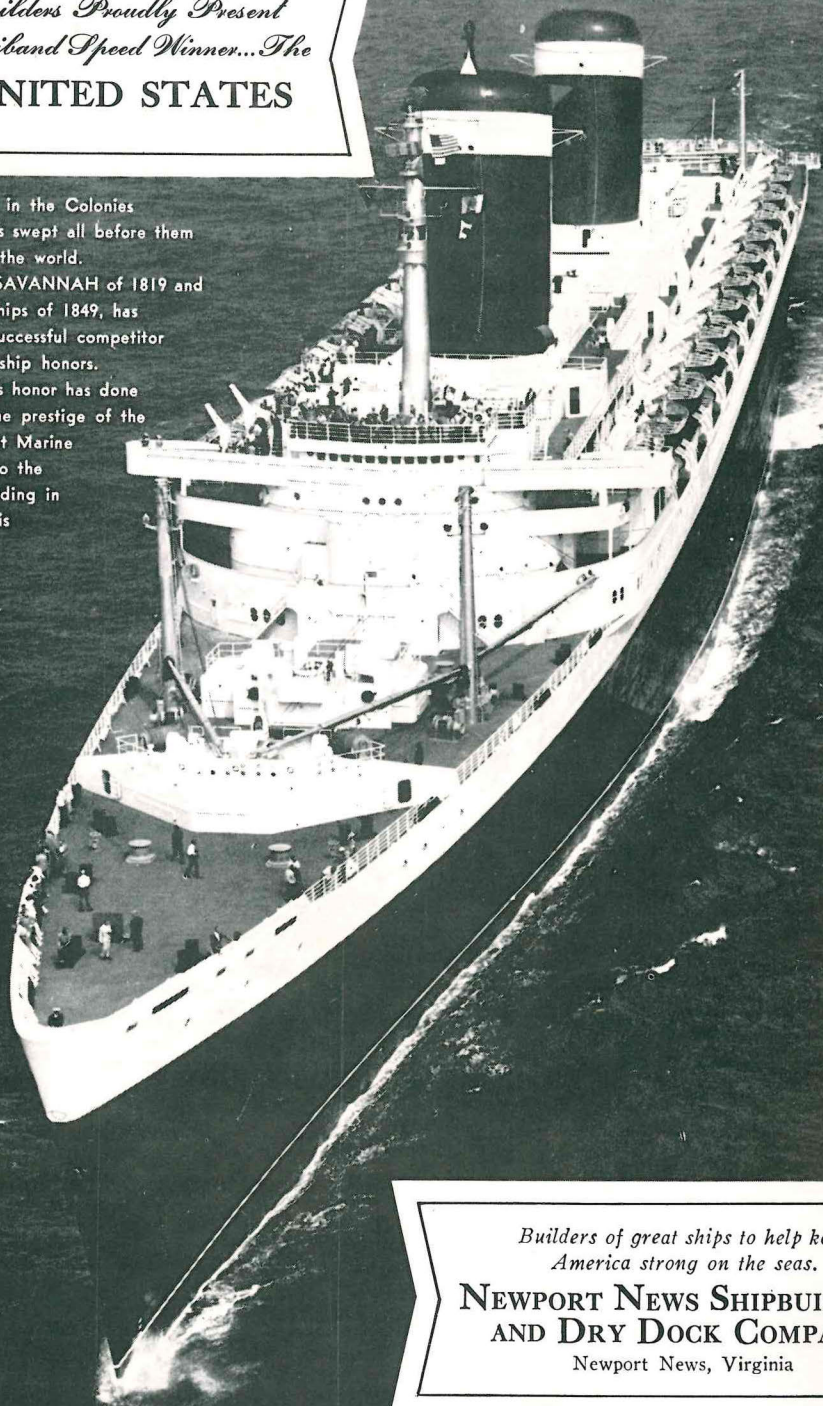
The Builders Proudly Present
a Blue Riband Speed Winner... The

S. S. UNITED STATES

Sailing ships built in the Colonies from 1750 onwards swept all before them on the oceans of the world. But not since the SAVANNAH of 1819 and the Collins Line Ships of 1849, has America been a successful competitor for Atlantic steamship honors. The winning of this honor has done much to restore the prestige of the American Merchant Marine and demonstrate to the world that shipbuilding in the United States is unexcelled.


Builders of great ships to help keep America strong on the seas.
